

## MOUNTING BRACKET, UG-MB-75

For mounting of duct smoke detector, Uniguard Superflow, on circular or insulated flat ducts.

The mounting bracket is delivered together with a sealing sleeve and a rubber gasket.

## SAMPLING TUBE, ST-x

- ST2 Sampling tube 0.6 meter to UG-5 and UG-7
- ST5 Sampling tube 1.5 meter to UG-5 and UG-7
- ST9 Sampling tube 2.8 meter to UG-5 and UG-7

For ducts smaller than 0,6 m use sampling tube length 0,6 m.  
For ducts between 0,6 and 1,3 m use sampling tube length 1,5 m.  
For ducts over 1,4 m use sampling tube length 2,8 m.

## EXTENSION TUBE FOR VENTURI TUBES, ST-EXTEND

ST-EXTEND is an extension tube to existing standard tubes and compatible with other venturi tubes from the VR and ST series. A number of extension tubes can be assembled together and replace both the 1.5 m and 2.8 m tubes in our range. Length 1.06 m.

## PROTECTION COVER, UG-COVER-75

UG-COVER-75 is used as a condensation protection for Uniguard Superflow smoke detector, installed e.g. outdoors or in cold attics.

Dimensions (WxHxD): 292x122x460 mm.
